To Whom It Concerns,

I am outraged that SCE&G has the nerve to ask for another rate increase! I am referring to Docket No. 2009-489-E.

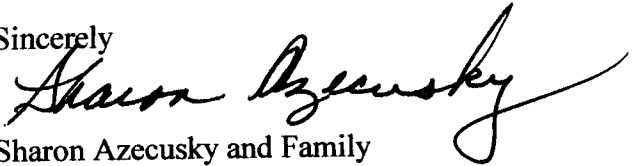

With the economy as bad as it is they have the nerve to raise their rates! So many people are out of work and can barely make ends meet, what does SCE&G propose these people do, live in the dark?

If Duke Power and Santee Cooper can provide the same level of power for less, why is SCE &G unable to do this? I say," Enough is enough."

Please reconsider this increase! The people in my area are counting on you to stop this highway robbery!

Thank you for listening.

Sincerely
